

Krypton

Enhanced Light Anti-Fog/Anti-Scratch

Hellberg Krypton sets a new standard in style, comfort and fit for safety glasses. The full framed design with floating lens in combination with the soft dual material added to temples and nose bridge provides a perfect fit for all users. Available in a vast array of lenses and coatings, there's a choice for everyone.

Art no. 21531-001

01

Features

Enhance Light Coating

The combination of the anti-reflective coating and amber lens color enhances light and brings contrast in low level light conditions. Protect against UVA-UVB (99,99%) and has good color recognition. Suitable for Dusk and Dawn situations, Forestry work and Low-Light indoor environments

Anti-Scratch Coating

Protects both sides of the lens against surface scratching increasing the lifespan of the eyewear.

Anti-Fog Coating

Prevents both sides of the lens from fogging or steaming up when exposed to warm humid environments.

Dual Material Temples

The soft rubber material covering the hard plastic temple enhances the wearer comfort. A groove pattern ensures a good grip when moving around.

Soft Nose Bridge

The rubber material is comfortable and flexible to any nose shape.

Ideal for Use in Combination with Hearing Protection

The slim temple design minimizes any leakage to the hearing protectors ear cushions, retaining a good seal between cushion and the face with very little noise attenuation loss.

Approval Info

Eye and faceprotection marking: 2C-1.2 HS 1FT

EN standards approval: EN 166:2001

Environmental approvals: ROHS, REACH

Technical Data

Weight: 26 g

Light transmittance: 98 %
