## Description

- Covers entire drum top to minimise drips and spills; cut-out on one side allows access to 3/4" bung for use of pop-up liquid-level gauge to prevent overfilling
- Fits 210 litre closed-head and 115 litre closed-head or open-head steel drums
- Thick, double-wall polyethylene construction resists UV rays, corrosion and most chemicals
- Level inside surface allows easy draining of containers, parts or filters
- 7cm high sidewalls allow you to pour in up to 23 litres at a time

**Warnings & Restrictions** : NOTE: Not suitable for flammables. Check for chemical compatibility
