## Description

- Packed with a variety of PIG Absorbents to handle small spills of acids, caustics or unknown liquids
- PIG Spill Response Bag is flexible and small enough to fit behind the seat of a lorry; stows almost anywhere and is easy to carry in the event of a spill
- PIG HazMat Absorbents are specially treated for unsurpassed performance with concentrated corrosives, such as 98% sulfuric acid and 30% sodium hydroxide
- Brightly coloured yellow Bag provides greater visibility and easy identification
- Flaps open and close easily with 'hook and loop' fastening

<b>Warnings &amp; Restrictions</b>	: ATTENTION: Independent testing indicates that PIG HAZ-MAT products are compatible with and absorb most acids and caustics. Due to variables and conditions of applications beyond our control, New Pig cannot guarantee that this product will absorb to your satisfaction. To insure effectiveness and your safety, we recommend that you conduct compatibility and absorption testing of your chemicals with PIG HAZ-MAT products prior to purchase. If you have any questions or need samples to test, please call your local distributor.
