Description

- Durable, low-profile pan slides underneath machinery and into other tight spaces; acts as a barrier to contain liquids
- Pillow has large surface area, high capacity and fast-wicking filler to quickly soak up liquids
- Extra-tough, stitch-bonded polypropylene skin resists chemicals and bursting for use in a wringer or other demanding applications
- Cellulose filler is highly absorbent for long-term use or big spill cleanup
- Compact design is great for catching persistent drips and leaks in small spaces or adding absorbency for spill response

Recycled Content : 85% Mixture of Pre- and Post-Consumer Recycled Cellulose Filler
