## Overview

#### **Reference Number**

3301105

#### **Product Type**

**Hearing Protection** 

#### Range

Earplugs

#### Line

Disposable Earplugs

#### **Brand**

Howard Leight by Honeywell

#### Industry

- Administration
   Agriculture
   Army Defence
   ATEX environment
- Automotive and Part Manufacturer
   Aviation
   Building and Construction
- Chemical Industries
   Energy or Electricity
   Fire Protection brigades
   Fishing
   Food Industries
- Foundry
   Glass Industries
   Green Spaces
   Homeland defense
   Industrial Cleaning
- Iron and steel industry
   Laboratory
   Logistics
   Maintenance
   Medical and Pharmaceutical
- Metal steel Minning and Quarrying Offshore Paper Industries Petro-chemical
- Printing Industries Services Ship Building Telecoms Textile Industries Transportation
- Utilities
   Water treatment
   Welding
   Wood Industries

#### **Product Use**

Single-Use Earplug

### Features & Benefits

VIBRANT COLOURS Makes protection fun – and highly visible. SELF-ADJUSTING FOAM Polyurethane foam adjusts to fit virtually every wearer. CONTOURED T-SHAPE Aids in easy insertion, removal from ear canal.

#### **Benefit**

The bright idea in hearing protection, Laser Lite's low-pressure foam expands gently inside the ear canal for comfortable long-term wear, while its contoured T-shape delivers easy handling. Its high visibility magenta and yellow colors make compliance checks quick and easy. Plus, Laser Lite is available with special packaging and dispenser options, ideal for process industries with low tolerances for packaging waste. Page 1 Of 3

# **Additional Information**

**User Manual** 

Instruction Manual - Laser Lite (global)

# **Maintenance**

#### Life Cycle

These plugs must be disposed of and replaced after each wearing.

# Laser Lite Single-Use Earplug (Uncorded) - 3301105

### **Storage Information**

All earplugs should be stored before and between usages in a way that protects them from dirt, grease, and other contaminants.

#### **Care Instructions**

Disposable earplugs are made of either TPE (Thermoplastic elastomers) or polyurethane foam. Washing and cleaning of disposable earplugs are not recommended. These plugs must be disposed of and replaced after each wearing. Excessive moisture reduces the attenuation and slows down the foam recovery which may lead to improper fit.
