In consideration of the technical documentation supplied by the Manufacturer, the annexed Test report n° PPE/RP 1407-08 which details the results of the tests carried out in accordance with the reference standard, the PPE listed above meet the basic health and safety requirements as specified by the Directive 89/686/EEC, Art. 3 and Annex II and subsequent modifications (Directives 93/95/EEC, 93/68/EEC and 96/58/EC).

Particular information: The evaluation of the basic health and safety requirements set out into Annex II of e.D. 89/686/EEC is limited to the respiratory protection. The evaluation of the relevant requirements for different risks, for example risks due to the exposure to liquid chemicals, is therefore excluded by this Document and it must be performed successively.

NOTES:

- The "User Information" was approved only in the english version and as far as the PPE under test was concerned;
- the Personal Protective Equipment manufactured shall be subject, according to the Manufacturer's choice, to one of the two procedures referred to in Article 11 (Article 11.A - EC quality control system for the final product or Article 11.B - System for ensuring EC quality of production by means of monitoring) with a notified Body chosen by the Manufacturer.
